

# SKI FIT

## ATOMIC SKI FIT: FEATURING BODYFLEX

Alps jackets and pants show our articulated ski fit, a fit with extra flex where you need it, like around the knees and shoulders. And they feature Bodyflex: a series of flexible inner stretch panels that adapt to your skiing movements. For a fit that keeps you free to ski, but is super stylish and trim.

### ARTICULATED KNEES

An articulated cut around the knees helps you bend into a better skiing position without feeling restricted.

### ARTICULATED BACK, ELBOWS AND SHOULDERS

The range features extra space in the back, elbows and shoulders to keep you free to move when skiing.

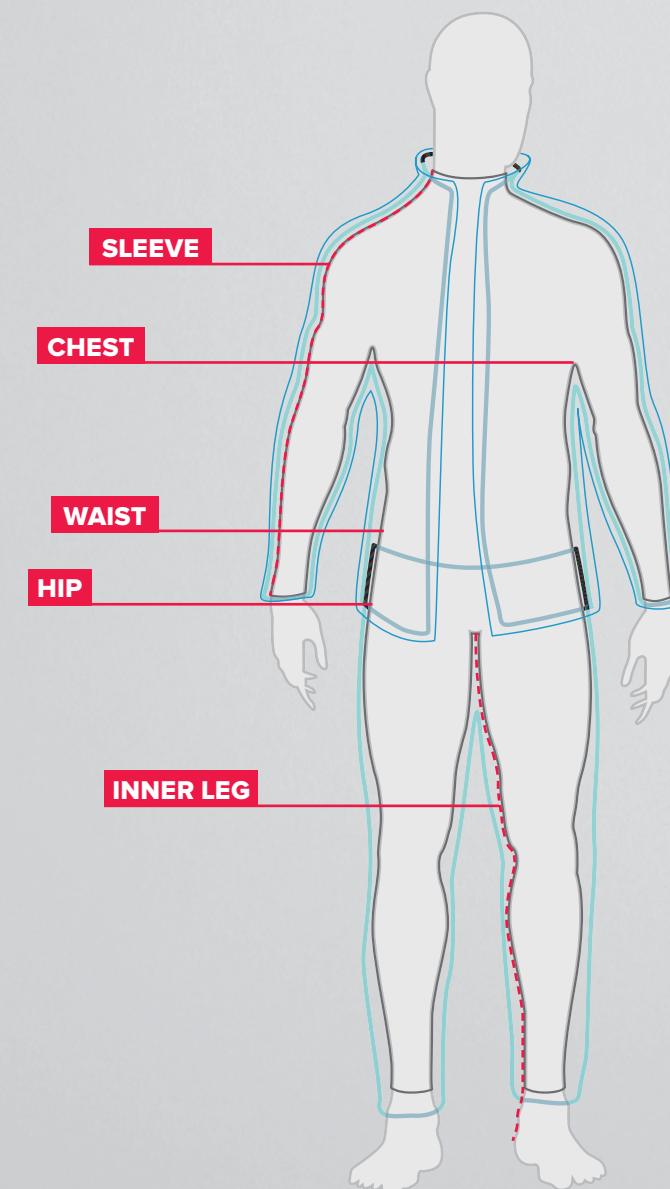

### ARTICULATED HIPS

An articulated cut around the hips keeps you comfortable in the skiing position, while hook & loop tabs on the waist let you fine-tune your fit.

## SIZE CHARTS SKIWEAR + LOGOWEAR

MENS			S	M	L	XL	XXL

## FIND YOUR MEASUREMENTS

**SLEEVE**  
With your arms in a slightly bent position, measure from the centre of the back of your neck, along the length of your arm, to the wrist.

**CHEST**  
Measure around your chest, holding the measuring tape under your armpit.

**WAIST**  
Measure around your waist at the narrowest part.

**HIP**  
Measure around your hips at the widest part.

**INNER LEG**  
From a standing position, measure your inner leg to the sole of your foot.
